Jannah Bakker—
Rotaract REMI Project**

From Jannah: I am a member of the Lower North Shore Rotaract Club.

Recently along with fellow Rotaractors, I went on an overseas trip to Lao, as part of a RAWCS project our Rotaract Club started. The aim of the project is to improve the standard of living and implement new renewable technologies into the villages of Lao.

The REMI (Renewable Energy and New Materials Institute) has been developing new water filters; thermal power; energy efficient wood fired cooking stoves; biofuels; solar power and; other renewable technologies. We are currently raising money to help implement these technologies into rural Lao villages.

We look forward to hearing from Jannah. Jannah was a RYLarian in January 2012.

Report from June:

June saw two big functions —

The Farewell to our Youth Exchange Student Iida– Lotta Mattila. What a happy night celebrating all that Iida has done, seen and been involved in during her period with us, joined by her host parents and families.

Changeover Dinner

Changeover from 'Light Up Rotary' to 'Be a gift to the world'; from Trevor Bailey to Tom Borg. We were pleased to welcome DGE Gina Growden on the eve of her changeover as DG. We were pleased to be joined by partners, Rotary friends, new Associate Member Jim Fairlie, and the friends and family of the incoming President Tom Borg.

Donations — during June Berowra Rotary has made presentations of cheques to assist the Rural Fire Service; Girl Guides and the SES.
